

What is Direct? Direct is a web-based service for Mississippi Health Information Network (MS-HIN) healthcare providers and organizations that is a low cost way to enable simple, secure messaging statewide (and eventually nationally) - via a secure “health internet.” The initial goal is to quickly provide an alternative to mailing and faxing patient information between healthcare organizations and providers as well as help providers meet Stage 1 Meaningful Use requirements. .

What is Referrals? Referrals is an online service for providers to send and track referrals and patient care documentation electronically. For better patient care and better data security, Mississippi’s goal is to encourage all providers to join the MS-HIN referrals network. It will save clinics - administrative time and costs.

Steps to Enroll

PREPARATION:

You will be able to obtain “one or more” - email addresses:

- 1) Organization level – dept. addresses for provider relations, case management services, etc. (example: zzzz.casemgmt@ms-hin.medicity.net)
- 2) Providers (example: john.doe.md@ms-hin.medicity.net)

PLEASE NOTE: You will need to designate an User Admin who will be the individual responsible for the ongoing MS-HIN system administration functions (granting user access, user training, passwords, etc.) for your organization and staff.

PLEASE NOTE: The registration process will require you to submit basic online registration information. In addition to demographics, please be prepared to submit the Mississippi Medical License Number, Date of Birth, and Individual NPI number for associated provider(s) (MD, DO, NP, PA only)

STEP 1: REGISTER ONLINE

Have your User Admin go to <https://ms-hin.medicity.net> and select the “Register Now” tab.

Follow the online directions and click “submit”. Your registration will be processed within 1-2 business days.

PLEASE NOTE: Your User Admin will be able to register both your organization and associated providers during one registration process. If changes are needed after the initial registration, please contact support as outlined below.

STEP 2: BEGIN USING

Once verified, you will receive an email from Deneice Adcock or Kristin Stokes, MS-HIN Outreach Coordinators. The email will contain instructions on using WebDirect and your next steps.

Need Help

Send an email to support@medicity.com or call 1-866-439-3446 to get help with your technical or training questions. A MS-HIN Outreach Coordinator will contact you.
