

Non-Participation Request Form

What is MS-HIN?

The Mississippi Health Information Network (MS-HIN) provides a fast and secure way for doctors and hospitals to share certain types of health information, such as lab results and x-ray reports. MS-HIN is not a complete medical record. It is a simple way for authorized health care providers to access patient medical information, allowing them to provide you with the best care possible.

How Does MS-HIN Help You and Your Doctor?

MS-HIN Is Fast and Secure

MS-HIN is a fast and secure way for your doctor to locate your most up-to-date medical information. Only health care providers with a valid reason will be allowed to access your medical information. Information will be available to emergency room (ER) health care providers that could help save your life in a medical emergency. MS-HIN also helps safeguard your medical information in the case of an emergency like a fire or natural disaster.

MS-HIN Protects Privacy

MS-HIN protects your privacy better than paper records by tracking who has looked at your information. A report of who has accessed your medical information is available from MS-HIN.

MS-HIN Improves Your Care

MS-HIN allows your doctor to have immediate access to a variety of medical information. This information can help your doctor make better decisions about your care. Accessing lost records through MS-HIN may also prevent your doctor from having you repeat tests; potentially saving you time and money.

Non-Participation in MS-HIN:

Patients who do not want their medical information to be accessible to authorized health care providers through MS-HIN may choose not to participate. If you choose not to participate, health care providers will not be able to access your health information. This means your health information will be unavailable to emergency personnel, even during life-threatening emergencies.

If you do not want to participate in MS-HIN, please complete this Non-Participation Form and submit it to MS-HIN with original signatures via mail or email to:

Mississippi Health Information Network

805 South Wheatley
Suite 540
Ridgeland, Mississippi 39157

If you have any questions, or for more information, please contact MS-HIN at 601-977-8192 or email Info@ms-hin.ms.gov.
